I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

If enactment of this M.O.U. meant that my wife couldn't receive prescriptions shipped from an out-of-state pharmacy, her quality of life would be greatly compromised, since the medication that her doctor prescribed and that she needs isn't available from any in-state pharmacies.

Thank you,
